

July 28, 2011, Mooresville, NC – Jennifer Jo Cobb Racing presents the #10 RacingGraphics.com Ford F-150 NASCAR Camping World Truck this week at the newly sponsored and renamed Lucas Oil Raceway Park near Indianapolis, IN. The AAA Auto Insurance 200 will mark Cobb's fifth return of the season to the series. Cobb's sixth place finish in the 2011 Daytona 250 earned the Kansas City native a place in the record books as best finish for a female in the Truck series. Although the Nationwide Series is her declared

series, Cobb is very "at home" in the NASCAR Camping World Series. "There are so many benefits to racing in the Camping World Truck Series on Nationwide companion weekends, from the added time behind the wheel, to the great sponsors who join us to the familiarity of

the other teams and the passion of the Truck Series fans – I'm getting spoiled by this double duty stuff," Cobb said. The team has much appreciation for the support of their sponsor RacingGraphics.com. Given

that the company is based in Salem, Indiana, Lucas Oil Raceway Park is the perfect place to debut the RacingGraphics.com truck. The entire staff has worked hard all season to produce graphics for Cobb's trucks and Nationwide cars and the team would like to recognize these

employees for their special efforts. "The decals they provide are great looking and easy to apply but what I really like about this company is the resources they offer grassroots racers because that is how my journey to the big leagues of NASCAR began," stated Cobb. RacingGraphics.com is unique in that they have an interactive web site where customers can

design decals for Trucks, Late Models, Sprints, Minisprints, Bombers, and Quarter Midgets.
